Rosie Dennerlein has a passion for sharing about the healing power of Jesus, forgiveness, and essential oils. The Lord has transformed her from being a survivor to a THRIVER in her recovery from physical, sexual, emotional and spiritual abuse. Rosie used essential oils to enhance her recovery, which led to her education and certificate in Clinical Aromatherapy.

Rosie has over 25 years of counseling and teaching experience working with youth and adults with disabilities. She received training in healing prayer through Christian Healing Ministries (Francis & Judith MacNutt) and Elijah House (Sandfords). She is currently on the Prayer Ministry and Intercessory team at Wellspring Church, Kensington, CT and Joseph’s House, Torrington, CT.

Rosie founded Oils of Shakan in 2014, whose mission is to reveal Jesus as Savior, Author of Creation, Healer, Counselor and Biologist-Chemist by providing Christian aromatherapy education (from a Biblical &/or scientific perspective), prayer, and high quality essential oil products that foster our slogan S.E.E.P. in God's Presence. (S.E.E.P. stands for Spiritual, Emotional, Environmetal, and Physical health.)

OILS OF SHAKAN WORKSHOP PRESENTATION DESCRIPTIONS

The Fragrance of Forgiveness

"Bear with each other and forgive whatever grievances you may have against each other. Forgive as the Lord forgave you. And over all these virtues, put on love, which binds them all together in perfect unity. Let the peace of Christ rule in your hearts." (Col 3:13-15)

Do you harbor bitterness toward an offender? Do you want to forgive someone but your heart resists? Do you struggle with forgiving yourself?

The presentations focus on drawing strength from Jesus, Scriptures, and God’s gift of essential oils in the forgiveness process. Rosie shares research regarding the correlation between the potential benefits of essential oils from specific plant parts and stages of forgiveness. Practical strategies for working through forgiveness are presented from biblical examples as well as Rosie’s personal journey.

Intercession

Let my prayer be set before You as incense, the lifting up of my hands as the evening sacrifice. (Psalm 141:2)

The prayers of intercessors are a fragrant offering to the Lord. Rosie provides a brief history of how oils were used in the Old and New Testament, and how we can apply them today for prayer and intercession. Jesus, the Author of Creation, designed essential oils to enhance emotional, physical and spiritual health. Simple, practical ideas are presented on how to use God’s gift of essential oils to be more powerful intercessors for the kingdom of God.

Beauty from the Inside Out

I will hurry to the mountain of myrrh, and to the hill of frankincense. You are altogether beautiful, my darling, beautiful in every way. (Songs 4:6-7)

Did you know that the book of Song of Songs is a love story filled with images of fragrances? This interactive presentation reveals how God views His daughters as well as how the use of essential oils can unveil beauty from the inside out.

Mental Health

Do not conform any longer to the pattern of this world, but be transformed by the renewing of your mind. (Romans 12:2)

Would you like more joy and peace in your life? Rosie shares a powerful testimony about how Jesus victoriously healed her from deep depression and anxiety that was rooted in the impact of severe abuse. She provides scientific research on how biblical and other essential oils can help renew the mind. Simple tips are provided on how to use essential oils in our daily lives to promote better mental health.

Healthy Lifestyle

Do you not know that you are the temple of God and that the Spirit of God dwells in you? (1 Cor 3:16)

Do you desire to be a healthier vessel to serve the Lord? A strong body, mind and spirit fuels strength to overcome life’s challenges. A healthier Bride of Christ makes a greater impact on the Kingdom of God!

In this interactive presentation, learn how Jesus, the Author of Creation designed essential oils from plants & trees to enhance your Spiritual, Emotional, Environmental, and Physical Health.
